RE: Village of South Russell – 2026 Tax Budget

Dear Auditor Walder:

Attached is a copy of the Village of South Russell's 2026 Tax Budget which was approved by Council at their June 16, 2025, Council meeting. Also attached is a copy the 2026 Tax Budget Hearing ad requested by your office.

I also wanted to make you aware that the large Bell Road East pavement program originally scheduled for 2025, has been pushed to 2026 due to the NOACA funding in the amount of \$1,019,769 for that project being pushed out a year by NOACA. The 2025 Appropriations and Certificate of Estimated Resources have been amended to reflect this change.

Additionally, the Village has been awarded an additional \$800,000 in funding from NOACA in 2026 for Bike and Pedestrian trails on Bell Road. The Village has appointed an Ad Hoc committee to work on recommendations for this project and the Village's Engineer's office is putting together a master plan for this project in preparation as well.

Please let me know if there is anything else you need from me.

Thank you.

Sincerely,

Danielle Romanowski
Fiscal Officer
